DETAILED ACTION

1. This Office Action is responsive to communication filed on 03/29/2010.

Response to Amendment

2. The proposed amendments to claims will not be entered because they would require further search and/or consideration. For example, claims 1, 10, 11 and 12 now recite "a title determining unit operable to determine a title of the untitled image based on the title proposals presented by said presentation unit and a user input". The previous underlined arrangements were not previously defined, thus making the amended claims more specific and necessitating further search/or consideration. Independent claims 1, 10, 11 and 12 thus would require further search and/or consideration.
